PRETORIA, Transvaal Republic, May 17.—The arrest at Johannesburg early Tuesday morning of seven alleged former British officers, named Nicholis, Patterson, Tremlett, Ellis, Freis, Hopper and Mitchell, on the charge of high treason, has caused intense excitement here. The prisoners were brought to Pretoria by special train. After they had been lodged in jail, they were visited by the British diplomatic agent here.

visited by the British alphomatorages.

The arrests were effected by a detective who joined the movement, which, it is asserted, was for the purpose of enrolling men in order to cause an outbreak of rebellion.

Incriminating documents were found on the prisoners, and it is expected that further arrests will be made.

LONDON, May 17.—The foregoing dispatch probably explains the telegram received by The Argus of Capetown Tuesday, from Pertoria, saying the Transvaal secretary of state confirmed

The advices from Johannesburg are also probably connected with a mysterious dispatch received at Johannesburg from Pretoria on May 12, saying a special train fully equipped with Boer artillerymen, guns and searchlight apparatus, was being held in readiness at the capital of the Transvaal. The statement was then declared to be without significance, but Tuesday's news throws a more serious light on the movement, and it is earlier to be successed to the serious significance, but Tuesday's news throws a more serious light on the movement, and it is earlier to be successed to the serious light on the movement, and it is earlier to be successed to the serious light on the movement, and it is earlier to be successed to the serious light on the movement, and it is earlier to be successed to the serious light in the saying seven men have been arrested at Johannesburg and have been taken to Pretoria a The government of Cape Colony, it further appears, is considering the matter secreity.

The news has caused great excitement throughout South Arricans when the say that warrants were issued Monday evening by the state attorney and were executed at midnight. The dispatch adds that a pilot or rebellion is alleged to have been maturing for four months, and that the accused, who are said to have been engaged by the South African league, had already enlisted 2,00c men.

Cecil Khodes, the former premier of Cape Colony and resident director in South Africa of the British Chartered South Africa Co., informs a press reporter that he has heard nothing regarding the arrests made at Johannes-burg and that he knows nothing a bout the reason for which they were mide.

CAPITOWN, May 17.—According to advices from Pretorial the charge against the prisoners is that, while staying in the Rand privately, they were really engaged in enlisting men for the purpose of rebellion when they were ready to give the signal.

It is said that the enlistment roster included 2,000, and that a number of incriminating documents were found at the time arrests were made.

Such meetings as the one just held at Gero would be regarded in a less inflammatory community as omicous as is on the verge of insureretion. Public feeling in Havana is certainly as is on the verge of insureretion.
